Hi Fred,

It's great to see this interest.

Let me ask around a bit and see if we have any suggestions that I'll send back to you.

Cindy Brown

Subject: NPS looking for speaker on Green Roofs 6/29

Hello Frederick,

I am working with the National Park Service to improve sustainability at parks around the country. We are holding a workshop next week at New Bedford Whaling National Historic Park in New Bedford, MA.

The Park is considering installing a green roof on one of their historic structures, and is interested in hearing more about pros, cons, maintenance considerations, costs, challenges, etc. that they'd need to consider in order to implement one successfully.

We came across EEA's useful [web page](#) on green roofs. Would you or someone else from EEA be available to provide a presentation on the pros, cons, and other considerations about green roofs?

It would be a 30-minute presentation (including Q&A) from 1:30-2:00 pm on Thursday June 29. The presentation could be in person or over Webex.

Please let me know if you would be available, and of course if you have any questions.

Best,

Cassie
